2020 Corporate Partnerships

Dear Future Partner,

The Idaho Hispanic Chamber of Commerce strives to develop a secure, long-term commitment from our corporate members. Our mission is to develop and continually promote the growth of Hispanic businesses for the benefit of our members, corporate members and the overall economy of Idaho.

Idaho Hispanics make up... “12% of the total population, 18% of K-12 public school students, 12% of the labor force, 3% of registered voters, 75% of Idaho Hispanics were born in the U.S. (data provided by 2017 report, Hispanic Commission of Idaho)

Over the course of the next 5 years, the Idaho Hispanic Chamber of Commerce will be expanding to a statewide chamber creating a network of business associations throughout the State of Idaho and will be premier and largest regional ethnic business organizations in the state. The IHCC promotes the economic growth and development of Hispanic entrepreneurs and Idaho’s Emerging Businesses and continues to advocate for legislation and public policy that empowers our small businesses with regulations that support business growth.

The goals of the IHCC Corporate Partnership Program are as follows:

- To create specific access and linkage to the Hispanic market and associated business and consumer markets; **by creating an Idaho Hispanic owned business registry for the state.**
- To leverage our joint business and legislative contact for the mutual benefit of the partnership; **by assigning delegates to represent various regions on behalf of IHCC.**
